This presentation is designed to spread awareness and educate participants on myths and misconceptions related to trafficking as well as red flags and indicators of potential victims. There is also information around the Safe Harbor for Commercially Sexually Exploited Children Act and what is being done in Onondaga County around that legislation as it specific to youth under 21 years of age. This presentation will provide information on the up and coming public health law mandating the screening and referral of potential victims to New York State as well.

CMEs for EMS will be given. Pre-registration is required. Email cnyena@cnyena.org
