

**CELEBRATING TWENTY YEARS  
EMERGENCY NURSING TODAY  
SETTING THE PACE  
FOR TOMORROW**

**MAY 4 - 5, 1990  
HYATT REGENCY  
BUFFALO, NEW YORK**

# WELCOME!!

I want to welcome each of you to the eleventh annual New York State Emergency Nurses Conference in Buffalo, New York. Each year the conference has grown. We are very excited about the content of this year's program and the dynamic speakers. For the first time, courses will be presented to help you prepare for the **CEN EXAM**, with the speakers utilizing the nursing process during their presentations.

**Peggy McMahon, RN** will be the keynote speaker. A renowned speaker and past President of ENA, Peggy will bring a national focus along with her special brand of humor and practical, innovative, perspectives.

As in the past, current topics will be selected for the third annual **Issues Forum**. We look forward to a very stimulating exchange of ideas that will assist us in addressing these issues. As requested, the forum has been incorporated into the conference allowing all to participate.

The most exciting event this special year, will be our **20th Anniversary Gala Banquet**. New York State was the site of the first ENA meeting twenty years ago and the banquet will provide an opportunity to share memories and renew old acquaintances. **Joanne Fadale**, ENA President, will discuss the progress of the organization and its goal for the next twenty years!

The exhibitors continue to play an ever increasing role in our conference. I strongly encourage you to review the exhibits to become informed about new equipment, medications, etc.

I am looking forward to greeting you as we come together at this educational presentation. We will network, exchange ideas, and Set the Pace for 1990!
