NEW YORK STATE EMERGENCY NURSES ASSOCIATION

April 30-May 1, 1993

❖ *Holiday Inn*[®]
SOUTH
ROCHESTER, NEW YORK

WELCOME

We wish to invite you to Rochester and our 14th Annual NYSCENA Conference.

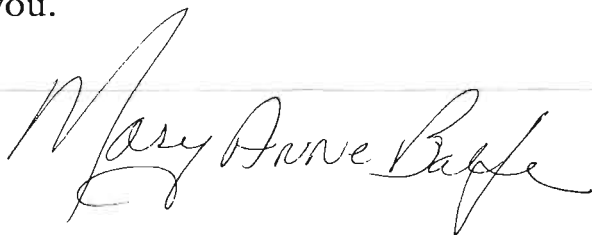

In our continuing effort to "Set the Pace," we offer you the best in new developments and latest trends in emergency nursing. This year's conference will focus on Pediatrics and Management.

An outstanding faculty has been secured, headed by Linda Manley, RN, as Keynote speaker. Linda is a nationally renowned speaker on pediatric nursing, and outreach coordinator for Columbus Hospital.

Join us on Friday evening for our Annual Awards Banquet. This is an opportunity to recognize and honor our colleagues and ourselves, a time to network, and a time to meet new friends.

Each year we stress the key role our exhibitors have in sponsoring our conference and speakers. Emergency Nurses have had a significant impact on the products we use daily. We strongly encourage you to discuss your likes and dislikes with regard to the products exhibited. These representatives convey your comments to their organizations. As always, you have the opportunity to suggest and review new products available.

We look forward to sharing our educational offering and our professional growth with you.

AS IN THE PAST, THIS WILL BE A
SMOKE-FREE CONFERENCE.
SMOKING WILL BE IN HOTEL
DESIGNATED AREAS ONLY.

CONFERENCE COMMITTEE

Co-Chairmen: Mary Anne Balfe, RN Fran Sikso, RN

Committee Members: Patsy Ballard, RN, CEN Mary Ellen Wilson, RN, BA, BS, CEN
Sue Prezzano, RN, CEN Sue Strauss, RN, CEN, CCRN

FEATURED SPEAKER

LINDA K. MANLEY, RN, BSN, CEN, CCRN

Linda is currently a Pediatric Outreach Education Coordinator, Division of Critical Care, Children's Hospital, Columbus, Ohio and a Flight Nurse for Sky Med, the Ohio State University and Children's Hospital flight service. She received her BSN from Ohio State and was a recipient of the William G. Means Memorial Award of Merit-Aviation Minor.

Linda is currently on the Editorial Board for the *Journal of Emergency Nursing* and has published numerous articles on a variety of topics. She is also an Abstract Reviewer for Nursing Scan. Those who have attended ENA's national meeting the past several years will have noted Linda listed as a member of the faculty teaching primarily pediatric courses. Her strength is her expertise and love of her specialty and a teaching style that allows each student to learn with confidence.
