

Report Submission Confirmation

NYS ENA Chapter/Committee Name: National Committee

National Committee / Other: Emerging Professionals Advisory Council (EPAC)

Date: 08/19/23

Chapter/Committee News:

The Emerging Professionals Advisory Council (EPAC) has held several social hour events this year which have been advertised by the national ENA on social media and on the ENA website. We have hosted panel discussions with critical care and trauma experts, held seminars on role transitions for emergency nurses and those looking to take on expanded roles in the emergency department, and have hosted social hours to support emergency nurses, particularly those with less than 5 years of experience. The EPAC will be hosting a social event at the national ENA conference, and drink tickets will be provided for attendees. The EPAC is also exploring opportunities to develop new tools and resources for emergency nurses and has recently provided input for the ENA residency program.

Attendance:
